SUBJECT: Consideration of Casting a Ballot for Representatives to the California Farm

Water Coalition Board of Directors

#### **Issue:**

Consider casting a ballot for representatives to the California Farm Water Coalition Board of Directors.

#### **Recommended Motion:**

Authorize the General Manager to cast a ballot for Peter Nelson, Non-District Director for the California Farm Water Coalition Board of Directors, as outlined in the January 23, 2025 staff memorandum to the Administrative Committee, Agenda Item No. 6.

#### Discussion:

The California Farm Water Coalition (CFWC) was formed in 1989 with the purpose of increasing public awareness of agriculture's efficient use of water and promoting the industry's environmental sensitivity regarding water. Its current threefold mission is to: (1) serve as a voice for agricultural water users; (2) represent irrigated agriculture in the media; and (3) educate the public about the benefits of irrigated agriculture.

CFWC remains a regional leader in public outreach activities; its CFWC News Line is just one example of its high level of service to its members.

The ballot included one candidate for the vacant Southern Region board seat vacancy. This candidate has been nominated as a qualified candidate by the CFWC Nominating Committee.

Agency staff recommends voting for the candidate listed on the ballot to represent our region: Peter Nelson, Non-District Director. The ballot is provided as Attachment 1, and is due to CFWC by February 14, 2025.

### SOUTHERN REGION BALLOT

TO ALL SOUTHERN REGION MEMBERS OF THE CALIFORNIA FARM WATER COALITION:

The California Farm Water Coalition, a California nonprofit public benefit corporation (the "Corporation"), is conducting an election of Regular District Directors and Regular Non-District Directors. The CFWC Nominating Committee has nominated the following person from qualified candidates to serve on the California Farm Water Coalition Board.

The total number of votes required for a quorum of the Southern Region for this election eight (8), which is 50 percent plus one of the Regular Southern Region Voting Members of the Corporation. The percentage necessary for election of the Regular District or Regular Non-District Directors is a majority of the quorum.

Once cast, your ballot may not be revoked.

You may cast your vote via mail or fax.

From: James Ciampa

Re: Brown Act Issues – Remote Participation

Date: January 13, 2025

As a result of the remote meetings that took place during the COVID-19 pandemic, the State Legislature enacted AB 2449 (B. Rubio), which took effect January 1, 2023. AB 2449 amended the Brown Act to expand the use of remote/teleconference meetings in the post-COVID emergency world without having to comply with the existing Brown Act agenda, posting and public accessibility requirements. Specifically, AB 2449 amended Government Code Sections 54953 and 54954.2 to address those issues. This memorandum will explain the general, pre-existing Brown Act teleconferencing rules and then review the changes made by AB 2449 to broaden the use of remote/teleconferencing participation.

EXISTING TELECONFERENCE REQUIREMENTS: By way of background, the Brown Act allows for teleconference meetings in Government Code Section 54953(b). That statute requires: (i) posting agendas at each teleconference location (i.e., each location from where a director was calling in); (ii) each teleconference location must be identified in the agenda; (iii) each teleconference location must be accessible to the public; and (iv) during the teleconference, at least a quorum of the members of the legislative body must participate "from locations within the boundaries of the territory over which the local agency exercises jurisdiction." These requirements have remained in place after AB 2449 took effect on January 1, 2023 and still may be used to allow a Board member to participate remotely in a Board meeting.

**AB 2449:** AB 2449 applies in certain limited circumstances to allow local agencies to conduct teleconference meetings without having to comply with the existing Brown Act requirements discussed above when some (i.e., less than a quorum) directors are not able to participate in person for permissible reasons as set forth in the new law. Thus, in those settings, a local agency will not have to post agendas at all teleconference locations, will not be obligated to identify all teleconference locations in the meeting agendas, and will not need to make each teleconference location open to the public.

**Participation Requirements:** However, for an agency to proceed under the procedures established by AB 2449, it must observe the requirement that <u>at least a quorum</u> of the members of the legislative body participates <u>in-person</u> from a singular, physical location clearly identified on the agenda (e.g., the Agency's boardroom), open to the public, and situated within the boundaries of the territory over which the local agency exercises jurisdiction. <u>Under AB 2449, it would not be permissible to have the entirety of the board participate remotely.</u>

**Reasons Supporting Remote Participation:** Remote participation under AB 2449 is allowed only for specified reasons — either because of a "just cause" or as a result of "emergency circumstances," as defined below. Those two reasons have different requirements that must be observed and have their own unique restrictions. See the table on next page for more details.

**Technological Requirements:** Under the terms of AB 2449, an agency must provide *at least* one of the following so that the public may remotely observe the meeting and provide comments:

- A two-way audiovisual platform (defined to mean an online platform that provides participants with the ability to participate in a meeting via both an interactive video conference and a two-way telephonic function); and/or
- A two-way telephonic service *and* a live webcasting of the meeting (defined to mean a telephone service that does not require internet access, is not provided as part of a two-way audiovisual platform and allows participants to dial a telephone number to listen and verbally participate.

In each instance where the agency gives notice of the teleconferenced meeting, the agenda must identify and include an opportunity for all persons to attend and address the legislative body via a call-in option, internet-based service option, and at the in-person location of the meeting.

Under what conditions may Board members use AB 2449? Board members are *individually* tasked with observing certain requirements before they can participate in a Board meeting remotely under AB 2449. It is incumbent upon the individual board members to follow the requirements laid out in the bill. Except for a few overlapping obligations, those requirements differ based on whether the member's remote participation is arising out of a "just cause" or "emergency circumstances," as shown in the table below:

"Just Cause"	"Emergency Circumstances"
✓ The member notifies the legislative body at the earliest opportunity possible (including at the start of a regular meeting) of their need to participate remotely for "just cause," including a general description (typically not exceeding	✓ The member requests the legislative body to allow them to participate in the meeting remotely due to "emergency circumstances" and the legislative body takes action to approve the request. The member must make this request to participate remotely

20 words) of the circumstances relating to their need to appear remotely at the given meeting.

Remote participation for "just cause" reasons cannot be utilized by any Board member for more than two meetings per calendar year.

#### "<u>Just cause</u>" means any of the following:

- A childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner that requires them to participate remotely
- A contagious illness that prevents a member from attending in person
- A need related to a physical or mental disability not otherwise accommodated
- Travel while on official business of the legislative body or another state or local agency

at a meeting as soon as possible. The legislative body must request a general description (typically not exceeding 20 words) of the circumstances relating to the requesting member's need to appear remotely at the given meeting.

✓ The member must make a separate request for each meeting in which they seek to participate remotely.

The general description of the circumstances does not require the member to disclose any medical diagnosis or disability, or any personal medical information that is already exempt under existing law, such as the Confidentiality of Medical Information Act.

The legislative body may take action on a request to participate remotely at the earliest opportunity. If the request does not allow sufficient time to place proposed action on such a request on the posted agenda for the meeting for which the request is made, the legislative body may take action at the beginning of the meeting in accordance with existing law.

"Emergency circumstances" means a physical or family medical emergency that prevents a member from attending in person.

- ✓ The member must publicly disclose at the meeting, before any action is taken, whether any other individuals 18 years of age or older are present in the room at the remote location with the member, and the general nature of the member's relationship with any such individual(s).
- ✓ The member must participate through *both* audio and visual technology (thus, the member's camera must be on!).

As recently amended by AB 2302, which took effect January 1, 2025, the number of meetings in which either "just cause" or "emergency circumstances" reasons may be used for remote participation solely be teleconference are limited to two meetings per year if the agency's governing body meets once per month (that limit increases to five meetings per year if the governing body meets twice per month and seven meetings per year if the governing body meets three or more times per month).

**CONCLUSION:** The provisions in AB 2449 are optional. There is nothing in the law that precludes an agency from observing the pre-existing Brown Act requirements in the conduct of their meetings. It must also be emphasized that the provisions of AB 2449 are extremely limited and would not apply in a situation where a Board member is on a personal vacation. In that instance, the agency would need to comply with the pre-existing teleconference requirements.

Update on Delta Conveyance Activities.

#### **Recommended Motion:**

None – information only.

#### **Discussion:**

The California Department of Water Resources (DWR) certified the Final Environmental Impact Report (EIR) for the Delta Conveyance Project (DCP) on December 21, 2023. The DCP would construct a tunnel under the Sacramento-San Joaquin Delta (Delta) to deliver water from the Sacramento River to State Water Project facilities in the South Delta.

On May 16, 2024, DWR released the updated cost estimate for the DCP. The total project cost for the 6,000 cubic feet per second Bethany Reservoir Alignment is \$20.12 billion in 2023 dollars.

DWR's Delta Conveyance Office is responsible for the EIR and other permitting activities and is coordinating with the Delta Conveyance Design and Construction Authority (DCA). DWR is continuing to take the next steps to pursue numerous state and federal permits for authorizations, including those required by the State Water Resources Control Board, the Delta Stewardship Council, and compliance with state and federal Endangered Species acts. The project schedule is further described in Attachments 1 and 2. On December 16, 2022, the United States Army Corps of Engineers released the public Draft Environmental Impact Statement (EIS) for the DCP. The Final EIS is expected to be released in early 2025.

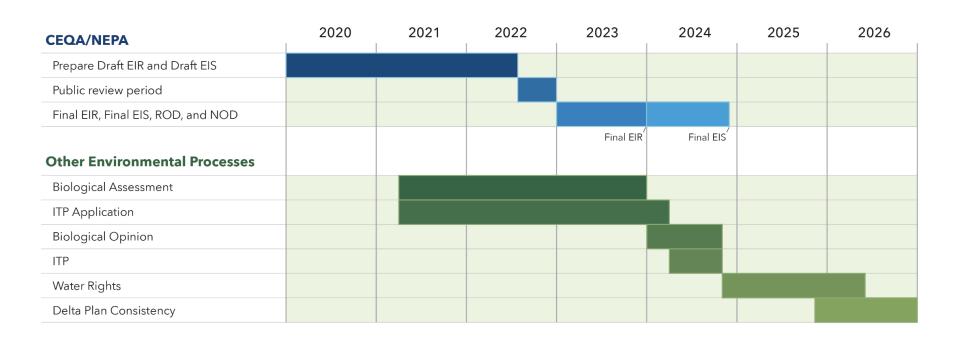

On January 14, 2025, DWR filed a second validation action with the Sacramento County Superior Court regarding DWR's authority to issue revenue bonds to finance the planning, design, construction and other capital costs of the proposed DCP.

The DCA Board of Directors (Board) held their regular DCA Board meeting on December 19, 2024 and will hold its next regular meeting on February 20, 2025. All regular DCA Board meetings are open to the public and are held on the third Thursday of every other month starting at 2:00 p.m.

#### AB 43 (Schultz D) Wild and scenic rivers.

Current Text: Introduced: 12/2/2024 <a href="https://doi.org/10.2004/btml">httml</a> <a href="pdf">pdf</a>

**Introduced:** 12/2/2024

**Status:** 12/3/2024-From printer. May be heard in committee January 2.

**Location:** 12/2/2024-A. PRINT

**Summary:** Existing law requires the Secretary of the Natural Resources Agency to take specified actions relating to the addition of rivers or segments of rivers to the state's wild and scenic rivers system if, among other things, the federal government enacts a statute that, upon enactment, would require the removal or delisting of any river or segment of a river in the state that was included in the national wild and scenic rivers system and not in the state wild and scenic rivers system. Existing law authorizes, only until December 31, 2025, the secretary to take action under these provisions to add a river or segment of a river to the state wild and scenic rivers system. Existing law requires those actions to remain in effect until December 31, 2025, except as otherwise provided. This bill would indefinitely extend the date by which the secretary is authorized to take the specified actions relating to the addition of rivers or segments of rivers to the state's wild and scenic rivers system, as described above.

**Introduced:** 12/3/2024

**Status:** 1/6/2025-Read first time. **Location:** 12/3/2024-A. PRINT

Summary: Existing law establishes various programs for the prevention and reduction of wildfires. This bill would provide that

it is the intent of the Legislature to enact subsequent legislation to address wildfires by allowing for more vegetation

management within easements.

#### **AB 93** (Papan D) Water resources: demands: artificial intelligence.

Location: 1/7/2025-A. PRINT

**Summary:** The California Constitution declares that the general welfare requires that the water resources of the state be put to beneficial use to the fullest extent of which they are capable, and that the waste or unreasonable use or unreasonable method of use of water be prevented. This bill would express the intent of the Legislature to enact future legislation that would maintain water and energy efficiency to the extent that new technology, including, but not limited to, artificial intelligence, increases the demands on already limited resources.

#### AB 94 (Bennett D) Recall elections: successors.

Current Text: Introduced: 1/7/2025 <a href="html">html</a> <a href="pdf">pdf</a>

**Introduced:** 1/7/2025

**Status:** 1/8/2025-From printer. May be heard in committee February 7.

**Location:** 1/7/2025-A. PRINT

**Summary:** Existing law specifies procedures for the recall election of a local officer. Under existing law, if a majority of the votes on a recall proposal for a local officer are in the affirmative, the officer is removed and the office remains vacant until it is filled according to law. This bill would provide that when the local officer is recalled and removed, that officer may not be appointed to fill the vacancy. This bill contains other related provisions and other existing laws.

#### **SB 31** (McNerney D) Water quality: water recycling facilities: state policy.

**Summary:** Existing law states the intention of the Legislature that the state undertake all possible steps to encourage development of water recycling facilities so that recycled water may be made available to help meet the growing water requirements of the state. This bill would make a nonsubstantive change to that statement.

#### **SBX1 1** (Wiener D) Budget Act of 2024.

Department of Water Resources of the State of California and Kern County Water Agency for Conveyance of San Joaquin River Exchange Contractor Water

Authority's 2024 Central Valley Project Water, SWP#24012-A

#### **Issue:**

Consider authorizing the Water Resources Manager to execute Amendment to the Article 55 Agreement Between the Department of Water Resources of the State of California and Kern County Water Agency for Conveyance of San Joaquin River Exchange Contractor Water Authority's 2024 Central Valley Project Water, SWP#24012-A.

#### **Recommended Motion:**

Adopt Resolution No. 02-25 authorizing the Water Resources Manager to execute Amendment to the Article 55 Agreement Between the Department of Water Resources of the State of California and Kern County Water Agency for Conveyance of San Joaquin River Exchange Contractor Water Authority's 2024 Central Valley Project Water, SWP#24012-A.

#### **Discussion:**

On October 24, 2024, the Kern County Water Agency's (Agency) Board of Directors adopted Resolution No. 34-24 authorizing the Agency to enter into an agreement with the California Department of Water Resources (DWR) to allow for the conveyance of up to 35,000 acre-feet of the San Joaquin River Exchange Contractor Water Authority's 2024 Central Valley Project (CVP) water to the Agency on behalf of Rosedale-Rio Bravo Water Storage District (Rosedale), SWP #24012 (Agreement). Rosedale expressed the need to store the CVP water in San Luis Reservoir beyond February 28, 2025. Therefore, the Agency requested DWR amend the Agreement to allow for temporary storage of the CVP water in San Luis Reservoir under SWP #24012. DWR has drafted an amendment to the Agreement provided as Exhibit A. The amendment allows the Agency to temporarily store the undelivered portion of CVP water in San Luis Reservoir for later delivery to the Agency's service area. Agency staff have reviewed the Amendment and recommend its approval.

<u>Subject</u>: Amendment to Allow Temporary Storage of the Non-Project Water under SWP #24012 in San Luis Reservoir (SWP #24012-A)

This Amendment (SWP #24012-A) is in response to Kern County Water Agency's (KCWA's) request, dated December 12, 2024, to the Department of Water Resources of the State of California (DWR) to store undelivered Non-Project Water under the original Agreement, SWP #24012, in San Luis Reservoir for later delivery to KCWA's service area.

SWP #24012, executed on November 4, 2024, sets forth the terms and conditions for the conveyance of up to 35,000 acre-feet of the San Joaquin Exchange Contractors Water Authority's 2024 Central Valley Project (CVP) water (Non-Project Water) to KCWA under Article 55 of KCWA's Water Supply Contract with DWR through February 28, 2025.

This Amendment allows KCWA to temporarily store the undelivered portion of Non-Project Water in San Luis Reservoir for later delivery to KCWA's service area.

SWP #24012 is hereby amended as follows:

#### Paragraph 4 is deleted in its entity and replaced with the following text:

- 4. Reclamation will make available up to 35,000 acre-feet of the Non-Project Water to DWR at O'Neill Forebay for subsequent delivery by DWR to KCWA's turnout(s) in Reach 12E of the California Aqueduct through February 28, 2025.
  - a. If KCWA is unable to take full delivery of the Non-Project Water by February 28, 2025, under this Agreement, KCWA may request to store such water in San Luis Reservoir for later delivery to its service area.

Ms. Lauren Bauer 12/30/2024 Page 2 SWP #24012-A

b. KCWA recognizes that, in the event San Luis Reservoir becomes full, KCWA's Non-Project Water stored in San Luis Reservoir under this Agreement will be displaced in accordance with Article 56(c)(2) and 56 (c)(3) of KCWA's Water Supply Contract.

All other provisions of SWP #24012 remain in effect.

The signatories represent that they have been appropriately authorized to enter into this Amendment on behalf of the Party for whom they sign.

This Amendment shall become effective upon execution by the Parties. The Parties agree that this Amendment will be executed using DocuSign by electronic signature, which shall be considered an original signature for all purposes and shall have the same force and effect as an original signature. All Parties will receive an executed copy of the Amendment via DocuSign after all Parties have signed.

If the terms and conditions in this Amendment are acceptable, please sign and date using DocuSign.

Sincerely,

SUBJECT: Authorization to Enter into a Temporary Water Service Contract with the

U.S. Bureau of Reclamation for Section 215 Water for Water Year 2025

#### **Issue:**

Consider authorizing the adoption of Resolution No. 03-25 for the Kern County Water Agency to enter into a temporary water service contract with the U.S. Bureau of Reclamation for Section 215 water for Water Year 2025.

#### **Recommended Motion:**

Adopt Resolution No. 03-25 authorizing the Kern County Water Agency to enter into a temporary water service contract with the U.S. Bureau of Reclamation for Section 215 water for Water Year 2025.

#### **Discussion:**

Each year, the Kern County Water Agency (Agency) Board of Directors considers entering into a temporary water service contract with the U.S. Bureau of Reclamation (USBR) for Section 215 water. This allows the Agency to quickly implement a temporary water service contract with USBR should Section 215 water become available. Staff recommend the Agency enter into a temporary contract with USBR for Water Year 2025.

Because no Section 215 declaration has been made for Water Year 2025, USBR has not yet released a temporary water service contract for 2025. Staff expects a 2025 temporary water service contract to be substantially the same as the 2017 temporary water service contract, which is the last time Section 215 water was available. Additionally, it is not yet known what the charges will be for Section 215 water in 2025. Costs in 2017 were approximately \$45 per acre-foot.

Because a 2025 contract is not yet available for review, staff recommend the Agency Board of Directors adopt Resolution No. 03-25 authorizing the Agency to enter into a temporary water service contract with USBR for Section 215 water for Water Year 2025, subject to approval of General Counsel as to legal form.

Agenda Item No. 4

FROM: Maegan Allen

DATE: January 23, 2025

SUBJECT: Authorization to Execute the Annual Grazing Leases for Kern County Water

**Agency Properties** 

### **Issue:**

Consider authorizing execution of annual grazing leases for Kern County Water Agency properties.

### **Recommended Motion:**

Authorize execution of annual grazing leases for Kern County Water Agency properties as needed through January 2026, subject to approval of General Counsel as to legal form, as outlined in the January 23, 2025 staff memorandum to the Water Management Committee, Agenda Item No. 4.

### **Discussion:**

Sheep companies may want to lease portions of the Pioneer property during the year. The Kern County Water Agency's (Agency) experience has been that sheepherders often provide short notice when they would like to graze Agency lands. To accommodate the sheepherders and to maximize revenues from the Agency's assets, Agency staff is recommending authorization to execute grazing leases at its discretion.

Agenda Item No. 2

FROM: Thomas McCarthy

DATE: January 23, 2025

SUBJECT: Authorization to Approve 2025 Water Transfers, Exchanges and Purchases for

Improvement District No. 4

#### **Issue:**

Consider authorizing the Interim Improvement District No. 4 Manager to approve 2025 water transfers, exchanges and purchases for Improvement District No. 4, to ensure that participation in these transfers, exchanges and purchases occurs in a timely manner.

#### **Recommended Motion:**

Authorize the Interim Improvement District No. 4 Manager for Improvement District No. 4, subject to approval of General Counsel as to legal form, as outlined in the January 23, 2025 staff memorandum to the Urban Bakersfield Committee, Agenda Item No. 2 to:

- a) Approve and enter into contracts providing for the transfer, exchange and purchase of Central Valley Project, Central Valley Project Section 215, State Water Project, State Water Project Article 21 and Kern River water through January 31, 2026;
- b) Expend up to \$1,000,000 from the Zone of Benefit No. 7 Fund for the acquisition of State Water Project Article 21 water, Central Valley Project Section 215 water and/or Yuba Accord water supplies; and
- c) Expend up to \$200,000 from the Improvement District No. 4 Additional Water Acquisition Reserve Fund for the acquisition of Kern River water, or other water supplies as available.

#### **Discussion:**

Improvement District No. 4 (ID4) has historically obtained several sources of water through transfers, exchanges and purchases. During the last several years, ID4's water management programs have consisted of the following water transfers, exchanges and purchases:

- a. State Water Project (SWP) Table A Water Exchanged for Banked Groundwater
- b. SWP Table A Water Exchanged for Kern River Water
- c. SWP Table A Water Exchanged for Friant-Kern Water and/or Central Valley Project (CVP) Water
- d. SWP Table A Water Exchanged for Future Friant-Kern Water Payback
- e. SWP Table A Water Exchanged for Future Kern River Water Payback
- f. SWP Table A Water Exchanged for Future SWP Water Payback

Urban Bakersfield Committee Agenda Item No. 2 January 23, 2025 Page 2 of 2

- g. Kern River Water Exchanged for Future SWP Table A Water Payback
- h. Kern River Water Exchanged for Future Kern River Water Payback
- i. SWP Table A Water Purchased via the California Department of Water Resources Turnback Pool
- j. Article 21 Water Program Purchases
- k. U.S. Bureau of Reclamation Section 215 Water Purchases
- 1. Kern River Water Purchases
- m. Yuba River Accord Water Purchases

As experienced in the past, it may often be necessary to obtain approval and begin operations on a short notice in order to maximize water deliveries and avoid losing recharge opportunities. Accordingly, it is recommended that the Interim ID4 Manager be authorized to approve the routine water transfers, exchanges and purchases described above for ID4, through January 31, 2026, and execute any necessary agreements, under the same terms and conditions as they were approved during the past several years, and with the following provisions:

- a) Those water transfers, exchanges and purchases that require policy decisions will be brought before the Kern County Water Agency (Agency) Board of Directors for approval;
- b) Requests may be approved under the same terms and conditions as similar requests approved during the past years; and
- c) Other entities participating in said water transfers, exchanges and purchases indemnify the Agency and ID4, when appropriate, from any and all costs and liabilities arising from such activity.

Agency staff will continue to review proposed transfers, exchanges and/or purchases of water for ID4 with an ad hoc exchange committee of the Urban Bakersfield Advisory Committee (UBAC) prior to entering into agreements. A report will also be provided at the next regular UBAC meeting on agreements authorized by the Interim ID4 Manager.

This item was discussed and recommended by UBAC at the January 22, 2025 regular meeting.

Agenda Item No. 4a

FROM: Brian Sarver

DATE: January 23, 2025

SUBJECT: Authorization to Execute a Contract for Herbicide Application Services

#### **Issue:**

Consider authorizing the Interim Improvement District No. 4 Manager to execute a contract for herbicide application services.

#### **Recommended Motion:**

Authorize the Interim Improvement District No. 4 Manager to execute a contract with Abate-A-Weed, Inc. for herbicide application services for an amount not to exceed \$51,000, subject to approval of General Counsel as to legal form, as outlined in the January 23, 2025 staff memorandum to the Urban Bakersfield Committee, Agenda Item No. 4a.

#### Discussion:

The Kern County Water Agency (Agency) has previously utilized Abate-A-Weed, Inc. (Abate-A-Weed) for herbicide application services to mitigate vegetative growth around Agency facilities and to the Temperature Equalization Pond to improve source water quality. Agency staff will continue to need herbicide application services; therefore, Agency staff proposes to enter into a contract with Abate-A-Weed. The cost for these services will be expended from the Improvement District No. 4 Enterprise Fund, and the proposed contract with Abate-A-Weed is provided as Attachment 1. Agency staff has reviewed the contract and recommends its approval.

This item was discussed and recommended by the Urban Bakersfield Advisory Committee at the January 22, 2025 regular meeting.
